I like its UI, its ability to play with hardware, and its speed. • "MPlayerX" supports a wide range of codecs including AAC, AC3, MP3, OGG Vorbis, AVI, MKV, DTS, Matroska, Vorbis, and 3GP, and it supports an extensive range of file formats including MP4, Matroska, MKV, MP3, OGG Vorbis, 3GP, DTS, and ASF. • "MPlayerX" is a completely free multimedia file player. It is free to download, distribute, and use. • This application is distributed under GPL and the WMPlayer license. • You can redistribute it freely or commercially, but you are not allowed to modify it 77a5ca646e

Regis MPlayerX

This is the complete MPlayerX package (Win32 exe and dll). It supports ALL DirectShow file formats (with audio), including mp3, mpeg, avi and wav files. It supports 3D, DivX and v4l2 devices, including webcam. It has its own codecs/filters/devices lists (see section "Regis codecs/filters/devices" for details) and handles wav, mpeg, avi, 3D audio and video files. Also it has a filter with Linux style (very fast) B-frames and a frame decoder, like the xine bframes and mplayer mpeg frames. Example of MPlayerX behavior on wav, avi and mpeg file formats (full screen): Example of MPlayerX behavior on wav, avi and 3D audio file formats (full screen): MPlayerX Fullscreen (Full screen mode) video player with 5 second intro: MPlayerX Fullscreen 3D (with cube rotation) video player with 5 second intro: MPlayerX Fullscreen (full screen mode) (3D) with 5 second intro: MPlayerX MPlayerX is a w32 multimedia player that plays all DirectShow file formats: wav, mp3, avi, mpg. It's designed to work with DirectShow installed codecs. Here are some key features of "Regis MPlayerX":
