

Visualgdb Activation Key

My Visual GDB license is on the hard drive of my broken laptop. (Windows 8). Where can I find the license key or activation file? It cannot be downloaded via Google Drive. By default, this file is located in the C:\Program Files (x86)\Microsoft\Visual Studio 11.0\IDE\DefaultApplication. If you need a copy of the file so that you can use it on another computer, copy the file to your machine and upload it to Google Drive. The file is just a binary file. You can open it with a text editor (e.g. Notepad), but it is not recommended as your keys will be affected.
