Pro Email Sender Download With Full Crack is a new powerful and flexible software for every need. The main problem with E-Mail Marketing applications is that they are quite complicated to use. To seriously run an e-mail marketing campaign you have to set a whole series of parameters such as the message to send, the recipients database and all the delivery modalities according to your needs. As usual, Prosoftware believes such a compromise is unacceptable. We

think that an average user cannot waste a lot of time trying to figure out how to use a software to market his/her products. Here are some key features of "Pro Email Sender":

- ☐ User friendly: thanks to the message wizard even novice users can take full advantage.
- ☐ Versatile: you can import contact lists and create groups based on your target characteristics.
- ☐ You can simulate delivery without sending messages for real.
- ☐ Supports several file formats (Access, Excel, text files, etc.)
- ☐ Customizable: ready-to-use templates. We also provide tailored

template design (import HTML messages, Outlook, text messages) [?] Quick: editor to create text and insert images, links, etc. [?] Stats: read, unread, link and error logging and schedule for any single task performed. Limitations: [?] 30 day trial -----
