commands: Autodesk: “AutoCAD Classic  
is the type of program used by architects  
and interior designers to draft in-house  
drawings and production documentation  
for projects ranging from simple  
residential renovations to elaborate  
custom buildings. AutoCAD’s reliability,  
ease of use and editing, and compatibility  
with the most commonly used CAD  
software applications were features that

---

set it apart. AutoCAD “Classic” was the first, and still the most popular CAD program for architects.” AutoCAD LT: AutoCAD web interface: AutoCAD web interface: AutoCAD mobile: AutoCAD: AutoCAD Add-In: AutoCAD cloud: AutoCAD web:

UniversiadeQ: Using an output of a shell  
command in another command I need to  
do the following: The file to be checked  
is in the following directory

../test/file1.txt The directory is going to  
be in /dir1/dir2/dir3/ I will then need to  
run the following command: find  
/dir1/dir2/dir3/ -name "file1.txt" For  
example, if I run the find command, I will  
get the following result: /dir1/dir2/dir3/  
/dir1/dir2/dir4/ /dir1/dir2/dir5/  
/dir1/dir2/dir6/ /dir1/dir2/dir7/  
/dir1/dir2/dir8/ /dir1/dir2/dir9/ I need to  
create a new variable called \$matches  
which is going to have the following  
content: /dir1/dir2/dir3 /dir1/dir2/dir4  
/dir1/dir2/dir5 /dir1/dir2/dir6

Vancouver police are investigating the deaths of two men in Vancouver’s Chinatown after a man was fatally stabbed and another man was shot while trying to help. Police said they were called to Burrard Street and East Pender Street at around 2 a.m. on

---

Wednesday. WATCH: (Aired on Globalnews.ca) Police with a grim warning on Vancouver's anti-gang task force as a man is killed in a violent brawl on New Year's Eve 0:41 Vancouver's anti-gang task force is warning people to avoid an area near East Pender and Burrard streets Vancouver's anti-gang task force is warning people to avoid an area near East Pender and Burrard streets Police said a man was stabbed and rushed to hospital, but didn't survive. Story continues below advertisement One man was arrested and taken into police custody, however, police said the man was released without charges. On Wednesday evening, a man was fatally stabbed in a "brawl" after he intervened in a fight between two groups.

---

Police said a man was shot while trying to help. He was taken to hospital with non-life-threatening injuries. In a statement, Vancouver Police Constable Brian Montague said “there is a lot of people in the Chinese community that have been very cooperative.” “We’re asking them to stay vigilant and not to approach anyone in that area and to call the police,” Montague said. What's New in the?

Drawing Viewer: Automatically hide the

---

viewer when inactive, so you can focus on your drawing. **New Multi-Tool Manager:** Put your work tools and templates in one place for easy access, including both the digital and physical workspace. **Enhanced 2D/3D Experience:** Switch between 2D and 3D views at a touch and work in all areas at once, using new multi-view views. (video: 1:37 min.) **Advanced Rendering:** Use new image controls and the new 3D shading tools to see the inside of your model, simulate shadows, lights and textures, and create realistic visual effects. **Contextual Help:** Navigate through help topics based on their relevance to your drawing. **Programming:** Automatically generate errors at design time to help catch bugs. **Code completion**

---

and refactorings help you complete your design tasks faster. (video: 1:43 min.)

**File Management: Performance** enhancements, including a new file sync and transfer options for OneDrive and SharePoint.

**New Document Interface:** An enhanced workspace experience for drawing documents from the application.

**New Extensibility:** Create new add-ins and customize the ribbon and other areas of the application. (video: 1:16 min.)

**Cloud storage and synchronization:** Create, edit and view documents in real time on any Windows 10 device, from a Web-based or desktop application. (video: 1:19 min.)

**Dynamic ribbon:** The ribbon automatically adapts to your design workflow and new commands,

---

providing a fast and flexible user experience. **Interactive 3D Viewer:** Create interactive 3D models and animations for inspection and analysis. (video: 1:28 min.) Additional information is available at [Autodesk.com](https://www.autodesk.com). More information about AutoCAD in this release is available on the Autodesk website. Stay tuned for more news about AutoCAD. **Markup Assist:** Import feedback from printed paper or PDFs and add changes to your drawings automatically, without additional drawing steps. (video: 1:15 min.) **Drawing Viewer:** Automatically hide the viewer when inactive, so you can focus on your drawing. (video: 1:37 min.) **New Multi-Tool Manager:**

---

**System Requirements For AutoCAD:**

\* The system requirements for all of our titles are the minimum system requirements for the Xbox One and are listed below. \* The title "The Ballad of Gay Tony" requires the Xbox 360 Video Decoder, Kinect V2, Kinect Camera (V2), Kinect for Xbox 360, and Blu-ray Player. \* The title "Mafia III" requires the Xbox 360, Windows PC, and Kinect for Xbox 360. \* The title "Mafia III" also requires the Xbox One to take advantage of all the features on the console
