Ya he had to be the guy who knocks down the only tree in the forest and then chops down the tree that keeps up right. I would have to have known which way the arrow went, but I didnt. Because I spent the last hour thinking, she lives in space, she should be able to withstand a little heat, plus she has super space powers and the ability to turn into the Predator. And I have a hard time believing a scream could be heard from inside a spaceship. Either way, spacegirl interrupted 6 was a good game! Its one of the few games I download and play regularly. The graphics and sound are awesome. Spacegirl Interrupted is an amazing game! Sex Spacegirl interrupted 6 I like it when you dont take a life, until you have to. Makes it so much more fun! This is my favorite game by far. I actually enjoy this game more than any I have played! Spacegirl Interrupted is an amazing game! Very immersive and satisfying! Such a great game for killing your time away while waiting for something real to happen. A big fat O! Dont know what I was thinking. It was a good game, spacegirl interrupted 6 true. It was a fun game, but it sucked, it was good for annoying me because I played it one day and was bored for the next day after I got done playing it. so I left it at the 1 when I played it. In space no one can hear you scream, but I can hear you scream! Apart from the fact spacegirl interrupted 6 the art looked so pretty good and it was very nice to actually imagine being her. The music and sound effect were very nice as well. The only thing spacegirl interrupted 6 I didnt like was that you could use the spacebar to trigger the three mode options. She takes a backseat to the fonz, but she was in most of the episodes of that show, which is saying a lot. They have upgraded the graphics, but now the music is really loud. There are no sound effects, so when the three-digit number pops up you dont know when to press space to make it do something. I cant get past level three! SPACE
