## Scrabble Letters Crack +

Scrabble Letters is a nicely done collection of icons that were designed especially for you to enjoy onto your home PC. All the icons that are bundled in this pack come in two file formats, namely ICO and PNG. The ICO format contains the Icon Factory resource which can be used for designing icons in no time. Design: Scrabble Letters has a great background with it and I would expect the designer to continue on this path. The designers have done a great job creating the whole interface and it looks great. The icon pack supports transparent PNG, but you can also turn off the transparency and do not bother about it. Easy: Installation was easy and I did not face any difficulty during the installation. One of the most important aspects of any icon pack is its ease of use, which this pack has. Summary: All in all, I found this icon pack to be quite delightful and a must-have pack. I would have to rate this icon pack as 7.3 on a 10 point scale. It is an ideal icon pack for the gamers who want to customize their desktop.
