Features Key:

Play as a Superhero: Allow players to freely explore a vast world, rising from the underground, opening new pathways and unraveling mysteries. Let your fate to be decided by your choice in **confrontations** and **adventure battles!**

An Epic Drama: Players are thrown into the web of events that shaped the Lands Between into their current state. As you explore the Lands Between, a multitude of **thoughts** and **episodes** that change the fate of countless characters reveals itself to you, shaping your character into the man you wanted to be...

A Symbiotic Relationship with Your Adventure: With the option to choose your approach in the story, not just between one of the five classes, but in the **confrontation between different characters**, search for clues, challenge monsters, and check on your current situation, while tracking down your main quest. But will everything go as you planned?

Play As Meizu: It is a mystery why Meizu appears in your journey, from the times before your ancestors were created. Fans of the game can experience what it feels like to be in their shoes through the emotions of Meizu in **interactive UI** that changes with emotions. From **excitement and drama** to **surprise and gratitude**, Meizu also offers **responsibility**
