This is the first in a series of blogs where we will share news and updates about NCIS (and the NCIS: Los Angeles spin-off) and other shows we produce. NCIS is a CBS television show that we created and produce. The series is set in the fictional NCIS field office in Washington, D.C. NCIS: Los Angeles is also created and produced by CBS. This month's blog will discuss the launch of NCIS: L.A. on CBS.com. Here are a few videos and links to help you get started: You will find additional videos and links to information about the show and its cast and crew on our NCIS: Los Angeles page. You can find this link by typing in 'NCIS: L.A.' into the search bar at CBS.com. Stay tuned for more blogs about other NCIS shows and CBS programs.Q: Which version of Zend Framework should I use? I am working on a project that has me developing the app on my Windows laptop. I have found multiple versions of Zend Framework, including ZF 2.0, ZF 1.11, and ZF 1.10. Which version should I use? If it helps, this project was started with ZF 1.10, but we will be adding functionality to it in ZF 2.x. I have since been developing on ZF 1.11 for my current project, but I am also trying to decide how much time to devote to this project and what version to
