Tarnished In this new fantasy action RPG, build up your characters and face your enemies in an exciting duel with an epic story. Story Beneath the surface of the Land Between, lies a vast world of turmoil and desire. It is here, in the Lands Between, that two powers wage war for supremacy. A great battle of justice is being played out among the legendary heroes of the Seven Realms, and one of them must perish. One of them must become the true hero. One World, Two Dynasties, One Conflict In this age of magic, legend, and mystery, a cruel dragon has set fire to the land, and a hero who was summoned to put out the fire was brought low. Powerful magics were unleashed and the Land Between was on fire, but the dragon was driven off, and justice was carried out. The traveler who became a hero was kept in a different world, and a king and queen were born to rule the Seven Realms. The traveler's

young nephew was raised in the king's palace to become the next ruler of the lands. The traveler's older son, who had been the savior in the Land Between, was raised in a small, remote island. Now, all that has gone. A savage woman has raided the Seven Realms, and a child called the "Tarnished" has awakened in the Land Between. What's new:

■ Mechanism:

- The player takes on the role of a soul that "dies", named Tarnished, and travels to the dying world through "Gate of Transition". - Players enter the "Land Between" by accumulating spirit energy. - Players can acquire and use digital items (magic stones, golds, and so on) by interacting with the environments or demons. - Players are given a variety of ranks based on acquired gold and spirit energy in order to improve statistics such as HP, skills, and magic. - Equipment with different stat boosts (up to 3 times) can be additionally equipped, allowing you to fully enjoy the depth of the battle system. - Boss battles with unique features are randomly generated in dungeons.

■ Region of Origin, Theme, and More...

A fantasy world born from the myths of the Lands Between, a region of death. During their journey to save a dying world, the characters wander in this world full of beauty and danger. The characters' adventures unfold with the voices of an eccentric cast of colorful characters. You can dive into the story through the anime-like mini-dramas that take place between battles. The crescendo of the action, the voice acting, and the anachronistic sound and music all make the game a delight for the eyes and ears.

■ Battle System

The battle system depicts battles in a style reminiscent of the best action games like God Of War and Devil May Cry. Four commands (jump, move, attack, and use special skills) and two mini-combos (dash and T.O.U) allow for a variety of elegant attacks and helpful techniques. A variety of items, such as potions, buffs, and life-restoring items are all equippable and can be freely used in battle at any time.

Character skills that can be evolved are required to defeat bosses. These skills allow for gameplay that is intuitive and fun to play. Using an intuitive menu interface, there are "Learn" skills to equip that can increase your level. Using the healing ability of level progression, enjoy an epic adventure!

The battlefield is enormous, so defeat harder enemies with team play. - Partner Party

LOS ANGELES (Reuters) - Nearly two dozen people were killed in a hotel fire in Southern California, and 56 others remained trapped overnight in what was likely the U.S. state's deadliest fire in two decades, officials said on Friday. It also threatened the legendary Route 66 highway, the Hill's Cafe, a popular restaurant and gathering spot in the small farming community about 175 miles (280 km) southwest of the state capital of Sacramento and near the Nevada border. "It is undoubtedly the worst fire here that we've had in California in my days here," said San Bernardino County fire spokeswoman Deputy Chief Jennifer Torello. The number of fatalities was expected to rise as firefighting crews searched through the

debris, San Bernardino County Sheriff John McMahon said in a statement. A San Bernardino County coroner's office official said as many as 24 people were confirmed dead at the scene. But San Bernardino County Sheriff's Department spokeswoman Cynthia Bachman said in a briefing early on Friday at the site of the fire's origin in the town of Rancho Cucamonga that some people may have survived but fire crews were still evaluating that. "We don't have a final number yet," Bachman said. National
