With tonight's premiere of Grey's Anatomy, we are about to find out if there's anything more reliable than reality television when it comes to fandom. Thanks to a recent spat between ABC and J.J. Abrams, the Star Trek reboot star's 2009 sci-fi actioner, Lost, will be premiering as the series finale in both the U.S. and Canada. But what if it turned out that the creator of some of our favorite shows was actually a secret Trekkie? How cool would it be if Bill Nye were the hot, science-loving nerd who you actually dated? Oh, the possibilities! Let's check out the list. Who are your favorite Dr. Who characters? Photo: PRPhotos.com 1. Rose Tyler. Rose was a fan of the show long before she ever met the Doctor and even got to see him as a young man when she watched episodes from the 1960s. 2. Sarah Jane Smith. Even though she never technically met the Doctor on his show, Sarah Jane's Big Finish DVDs were a great source of information for most of us. 3.

River Song. If the Doctor ever met her, he'd know a couple things: She has an unusually high IQ and she's destined to become his nemesis. Who
