Adobe Photoshop is a professional version of Photoshop. It offers a range of features including editing, enhancing, retouching, and more. Though Photoshop is very powerful in its own right, it is also quite heavy. For a single image file of 3MB, it may take up to 5 seconds to open. That's a lot of time for a professional photo editor. If you are looking for an easy to use photo editor, I recommend Photoshop Elements. It allows you to perform basic edits to your images without needing to have Photoshop or a 3D modelling program. Applications like Smart Photo Print, Photo Smile Studio or the Print and Fill function in Photoshop Elements do a lot of work in the background, but you don't notice them. This woman works at Chick-Fil-A as a cashier…in which she attempts to be nice to a person who is obviously in a mental state that is obviously NOT nice. That is disgusting," the manager wrote on Facebook. "As a cashier, I am unable to stop when the customer is harassing my co-workers, but it is my responsibility as manager to. I'm going to make sure this situation is taken care of." Chick-fil-A declined to comment for this story. As of this writing, the video has over 150,000 views. In July, a Chick-fil-A employee in Washington was fired for posting photos on Facebook of two Chick-fil-A employees during their breaks, implying the employees were being harassed. The Chick-fil-A, which has a long history of advocating for the value of human life, felt the gesture was inappropriate, and rightly so. Because of the details of this encounter, it's possible this was also a false flag. In reality, Chick-fil-A is currently facing heat for several reasons: Its founder, Truett Cathy, was a Christian who once said, "I think it would be almost impossible to over-estimate the importance of our Christian faith in shaping America. It has been the force behind so much of our great heritage and progress." The company also has repeatedly promoted the white nationalist group the National Organization for Marriage. It donated money to a Pennsylvania bill to regulate women's reproductive rights in the state. The company's CEO, Dan Cathy, said he personally opposed gay marriage. It's also worth noting that Chick-fil-A'
